- Refund of fees is only on case by case basis, when the participants can show they were medically unfit or postponement or replacement is not possible by any means
- PTC reserves the right to alter or cancel class and/or venue without liability
- PTC reserves the right to revise course materials to meet SSG/MOM requirements

Brief introduction:

- This course aims to provide people already working in all industries with the skills and knowledge required to effectively respond to fire incidents in designated buildings/workplaces. It is targeted at individuals who are currently involved in their organisation's CERT in any capacity.

Learning Outcome:

On completion of this unit, the learner will have the knowledge and be equipped with the application skills and knowledge required to effectively respond to fire incidents. This includes:

- Introduce or reinforce the relevant legislations surrounding the formations and activation of CERT.
- Familiarize participants with the various possible fire hazards and the usage of fire protection systems in buildings.
- Instruct participants on correct methods to conduct initial fire-fighting using various extinguishing mediums.

Duration: 01 day, 8.30 am to 6.00 pm (8.5 hours)
